A donut chart illustrating the distribution of cultural exports from Japan. The chart is divided into five segments of varying shades of brown and tan. The segments are labeled as follows:

- Movies (American & French)**: The largest segment, colored light tan, representing approximately 35% of the total.
- Video games**: A small segment, colored medium brown, representing approximately 5% of the total.
- Board games**: A small segment, colored medium brown, representing approximately 5% of the total.
- Guinness & cider**: A small segment, colored dark brown, representing approximately 5% of the total.
- Japanese culture**: The second largest segment, colored light tan, representing approximately 30% of the total.

Category	Approximate Percentage
Movies (American & French)	35%
Video games	5%
Board games	5%
Guinness & cider	5%
Japanese culture	30%
