INTERESTS

⚙️ WORK DETAILS - LEAD SOFTWARE ENGINEER

09/2023 - 10/2025

Technical leadership and fullstack development within ADSN's Central File portfolio.

🏆 Key Achievements

- Led a team of 2 developers for the complete redesign of ADSN's new client portal, built as a multi-frontend architecture using Module Federation.
- Co-led cross-portfolio initiatives with 8 developers, including final developments for the national system managing apostilles and legalizations.
- Maintained and enhanced central APIs and business logic for videoconferencing equipment across the French notariat.
- Integrated new branding guidelines into the public website of the FCDDV project (Central File for Last Wills and Testaments).

🔑 Tech Stack

Java, Spring (Boot, Batch, Security, Data), Angular, Module Federation, REST API, SQL (PL/SQL), Oracle, Docker, Git, Linux, XL Deploy

⚙️ WORK DETAILS - CONFIRMED SOFTWARE ENGINEER

05/2022 - 08/2023

TODO: Saisir le résumé de la première moitié de l'ADSN

🏆 Key Achievements

AFTI

09/2013 - 09/2015

CFA AFTI is a French apprenticeship training center specializing in information technology and telecommunications, founded by Thales Group and closely connected to industry.

Its programs are largely designed and delivered by practicing engineers, combining academic instruction with hands-on professional experience through work-study training.

 Orsay, France

UPEC

09/2009 - 06/2013

Université Paris-Est Créteil (UPEC) is a public multidisciplinary university located in the Paris region, offering undergraduate and graduate programs across science, engineering, health, and social sciences. It serves a large and diverse student population and is part of the French public higher education system.

The IUT Sénart-Fontainebleau, a technical faculty of UPEC, provides vocational and professionally oriented programs in applied sciences and information technology.

The Fontainebleau campus focuses on smaller cohorts and close collaboration with local industries, delivering practice-oriented training through programs such as the University Diploma of Technology (DUT) and professional bachelor's degrees.
